

Color Label Printer cab LX 800

**Print your own full-color labels
at your office, warehouse or factory!**

Edition 1.3

Professional quality and brilliant colors for an unbeatable price!

The new cab LX 800 finally allows easy printing of color labels for a competitive price. You can mix any combination of company logos, product

pictures and other graphics with text and barcode, in any color you want. Using the cab LX 800 means fast and cost-effective printing on standard label rolls. The incredible 4.800 dpi printing delivers professional results and brilliant colors, even on quality water-resistant labels.

With the included label design software from Nicelabel you will be printing your own labels in no time. Replacing the ink cartridges just takes seconds.

Due to its exceptional price, durable metal frame and the easy handling the cab LX 800 is the perfect printer for users who want "to add color to their label". Regardless if printing at your office, warehouse, factory or store!
